

DESCRIPTION

A carefully compounded combination of selected chemical cleaners and emulsifiers for use as a safe and efficient cleaner for tile and grout. Cleans by chemical action without the use of hard abrasives. Removes dirt, grease, grime, hard water stains and discolorations. Restores badly soiled tile and grout to original beauty. Safe on plastic, metal and ceramic tile. Cleans soiled grout without loosening tiles. Recommended for commercial, institutional, educational and industrial use to clean and maintain such tiled areas as:

Shower Stalls	Bath Rooms
Tub Enclosures	Locker Rooms
Powder Rooms	Kitchen Walls
Splash Panels	Counter Tops

DIRECTIONS

For Cleaning Vertical Surfaces: Use undiluted. Squeeze container to force cleaner onto soiled area. Spread and allow to cling and penetrate for 3 to 5 minutes. Clean tile with a sponge or cloth. Clean grout with a stiff bristle brush. Rinse thoroughly. Be certain to rinse before cleaner dries so as to avoid unnecessary scrubbing.

For Cleaning Horizontal Surfaces: Dilute cleaner 1 to 1 with water depending upon the degree of soiling to be removed. Apply, spread and allow cleaner to penetrate soil for 3 to 5 minutes. Follow procedure as described above.
