

Wash hands thoroughly after handling. Wear eye protection and protective gloves.

FIRST AID

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). After Inhalation: Allow breathing of fresh air. Allow the victim to rest. After Skin Contact: Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. After Eye Contact: Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist. After Ingestion: Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.

Precautions for Safe Handling

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapour. Keep only in the original container in a cool, well ventilated place away from : Heat sources. Keep container closed when not in use.

SOYSAFE natural soy degreaser and release agent is fast acting and should be rinsed when cleaning, or for release should be used the morning before going out.

SOYSAFE is completely biodegradable and will rinse clean with a simple water rinse.

DIRECTIONS

Dilute with water to a maximum dilution ratio of 10 to 1. When diluted 4 to 1 two quick loads can be done before reapplying. Shake well or agitate then apply diluted solution to empty beds of asphalt carriers, paving machinery, and other equipment to make cleanup quick and easy.

For best results do not spray equipment and leave to soak overnight.

SOYSAFE

NATURAL SOY DEGREASER & RELEASE AGENT FOR HOT ASPHALT
